Alliance academy is a training, educational & engineering consultancy company in Iran. We have established from 2007.

Our Goals:

- Development and improvement of client's personnel and managers.
- Improvement of management systems operations in client's area with training approach.
- Productivity improvement in training process.
- Focus on training effectiveness.
- Establishment of added value in knowledge management chain.

Services:

Our Professional Services include:

- Training & Conferences
- Certification Pre-Assessment
- 2nd Party Audits

Public, On-Site and in-house Training:

Our trainers are practitioners with years of industry and field experience. They are skilled educators and know how to deliver knowledge. Some of them are practicing professional, business managers and auditors who stay on top of developments in the industry. The corporate office ensures that our training team are provided with refresher methodology & techniques opportunities throughout the year.

This ensures our clients always have access to the most up-to date training available.

Online registration for our public training sessions is easy. For on-Site and customized in-house courses, just email us your request and we will contact you within 24 hours. When you go to register training for the first time on the website, you will be asked to set-up a profile for the online catalog. Once you've set-up your profile in the online catalog, it will be there for your future online needs.

ISO Training Courses:

The below courses are applicable for ISO families: QMS (9001), EMS (14001), OHS (18001), FSMS (22000&haccp), EnMS (50001), ISMS (27001), CSM (10004), CCM (10002), TI 9000, AS9100, ISO13485.

Professional Development:

Why not take your knowledge to the next level with Alliance Academy professional development program and earn Continuing Education Credit “CEU”?

Our seminar, courses and workshop are ideal organizations and individual professional. Learn what our professional development courses can do for you by contacting one of our office located in your area!!

At Alliance, our professional development services are designed to address and focus on guiding organizations to make the transition into a competitive market environment across many sectors, trades and professions in the International arena.

Our team bring extensive experience in providing organizations, both in the service and manufacturing industries, the required framework and discipline to achieve their business objectives.

In addition, the senior facilitators have significant industry experience in implementing state-of-the-art practices, and as practitioners working with various Fortune 500 Companies Nationally and Internationally.

Alliance Academy and our business partners have been affiliated with a number of Community Colleges and educational institutes throughout Iran and other countries globally. Our purpose is to develop and provide Technology Management and People Development Education, Coaching and Training series, as well as providing in house facilitation directed towards the needs of individual business. In today’s competitive marketplace, the old ways of doing business no longer work. Customer requirements, market growth, product life cycles, technological change and the nature of competition are no longer constant or predictable. Does your business need to envision a different structure of organization and people to play a part in this new environment?
